GENERAL NOTES :

- Existing survey information is based on the following drawings:
- a) dwg: X- Site plan xRef.DWG
firm: KPMB
date: 2024.06.27
b) dwg: Legal - I1624015.DWG
firm: KPMB
date: 2024.06.27
c) dwg: X-GROUND FLOOR.DWG
firm: KPMB
date: 2024.11.15
d) dwg: X-CIVIL C01 THE SERVICING PLAN-Model
firm: Watt
date: 2024.12.10
 - All drawings to be read in conjunction with architectural and engineering drawings.
 - Do not scale drawings. Use dimensional info as noted on drawing. Contact the Landscape Architect immediately if there is any ambiguity, lack of information or inconsistency. Disregard for this note and extra costs incurred will not be accepted.
 - Prior to commencement of construction, the contractor must make careful examination of existing site surface conditions and topography and advise the Landscape Architect of any unsatisfactory site surface conditions and topography. No allowances will be made later for any expenses incurred through failure to note unsatisfactory existing site surface conditions and topography.
 - The Contractor shall verify dimensions shown on drawings and notify the Landscape Architect of any discrepancies or inconsistencies prior to construction.
 - The Contractor shall be responsible for establishing the property line for the purpose of review and approval by the CITY OF CALGARY prior to commencement of construction.
 - The Contractor shall be responsible for establishing the LOW for review and approval by the Landscape Architect.
 - Contractor shall be responsible for verifying all underground utilities and taking the necessary precautions prior to and during construction. For comprehensive utilities/servicing plan, refer to civil drawings.
 - All lines and dimensions are parallel or perpendicular to the lines from which they are measured/ referenced unless noted otherwise.
 - The Contractor will clean and reinstate all areas damaged or affected by works outside the limit of work to the conditions that existed prior to construction or better and to the satisfaction of the Landscape Architect, unless otherwise instructed by CoC.
 - Contractor to provide a staked-out location on site for review and approval by Landscape Architect prior to any excavation or installation.
 - All curves transitions shall be sinuous and shall not transition abruptly. On site adjustments may be necessary to achieve smooth transitions between the curve data provided on the drawings. Curves shall be laid out and confirmed by the Landscape Architect prior to installation.
