

# Zoning Confirmation Report

## 116 Beech Street, Ottawa

December 23, 2025

### Introduction

Fotenn Planning + Design has been retained by KTS Properties to prepare this Zoning Confirmation Report in support of applications for Official Plan Amendment and Zoning By-law Amendment pertaining to the lands municipally known as 116 Beech Street in the Civic Hospital neighbourhood of the City of Ottawa.

The applicant is presently proposing to redevelop the lands with a high-rise, mixed use building consisting of a 25-storey point tower on a multi-winged 6-storey podium. The podium steps down to a 4-storey height towards the western edge of the lands. A corner area representing 10% of the overall site is proposed as parkland dedication. The building will be supported by 143 parking spaces located across two storeys of underground parking.

The primary focus of the proposed building is to accommodate residential tenancy, with 392 units proposed. Additionally, a 217 m<sup>2</sup> commercial unit is proposed adjacent to the proposed parkland.

In order to facilitate to the desired development outcome, development applications are required. They are summarised accordingly:

/ **Official Plan Amendment**

The subject property falls within the West Downtown Core Secondary Plan. More specifically, it is located within the Dow's Lake Station District, where it is assigned a maximum building height of 6 storeys. With consideration to the strong rapid transit support for the lands, the size of the property, and the ability to accommodate a transition, the proposed amendment would serve to assign a maximum building height of 25 storeys to the lands.

/ **Zoning By-law Amendment**

A zoning by-law amendment is necessary to implement the direction of the proposed Official Plan Amendment. It would replace the presently applicable 18-metre height limit with a 78-metre permitted building height in relation to the proposed building. Compatible commercial uses are proposed to allow for a ground floor retail tenancy to front onto the park.

The following tables serve to demonstrate that the proposed development is otherwise zoning compliant and that no relief beyond what is identified will be required to proceed with the project in its current format.

### Annex 1 - Zoning Confirmation Report Checklist

A. Project Information			
<b>Review Date</b>	December 18, 2025	<b>Official Plan Designation</b>	Hub; Downtown Transect – Evolving Overlay
<b>Municipal Address(es)</b>	116 Beech Street	<b>Legal Description</b>	Lots 33, 34, 35, 36, 37, 60, 61, 62, 64 and 64 and part of the adjacent lane (As closed by Judge's Order Inst. No. CR227792), Registered Plan 131037, City of Ottawa
<b>Scope of Work</b>	Official Plan Amendment and Zoning By-law Amendment		
<b>Existing Zoning Code</b>	R5B H(18)	<b>By-law Number</b>	2008-250
