**SUBJECT: SITE PLAN APPROVAL APPLICATION
211 CENTRUM BLVD.
NEW RETIREMENT RESIDENCE – LE GROUPE MAURICE
OUR PROJECT NO. 2020-164**

Dear Sir:

We have designed the site lighting for the new retirement home building with (15) and 9-storey tower and a common podium, located at 211 Centrum Blvd. in accordance with the following guidelines as requested by the City of Ottawa:

1. It must be designed using only fixtures that meet the criteria for Full Cut-Off (Sharp cut-off) Classification, as recognized by the Illuminating Engineering Society of North America (IESNA or IES), and;
2. It must result in minimal light spillage onto adjacent properties. As a guideline, 0.5 fc is normally the maximum allowable spillage.

Yours very truly,

GOODKEY, WEEDMARK & ASSOCIATES LIMITED
